Deborah:

Libby Vianu and I have reached out to EPA R9 to discuss their current plans for addressing down-stream concerns, especially those expressed by the Navajo Nation. We have not heard back yet.

For the time being, just copy both of us on any correspondence related to Gold King Mine.

Thanks.

**Subject:** FYI: Gold King mine response

Good morning everyone,  
I just wanted to let you all know that the EPA-Headquarters activated their EOC for the Gold King mine spill response. I will be in the EPA-EOC until further notice and the desk number is 202.250.8921 if you need to reach me for any reason.

I would also really appreciate knowing the R6 and R9 ATSDR Reps who will be responding.

Thank you very much,

Deborah Burgin
